

Krissy Hurley, National Weather Service Bio

Krissy Hurley is the Warning Coordination Meteorologist at the National Weather Service Office in Nashville, Tennessee. In this position, she serves as the outreach coordinator as well as Senior Meteorologist. Her personal and professional passion is to educate customers including emergency management, media, businesses, and the public to strengthen partnerships and make sure weather products and services are being met. Previously, she held the same position at the National Weather Service Office in Amarillo, Texas and has also worked as a Meteorologist in National Weather Service Offices in Huntsville, Birmingham, and Memphis.

Originally from North Alabama, Krissy is a 2001 graduate from the University of South Alabama with a Bachelor of Science Degree in Meteorology and a 2004 graduate with a Master's of Science Degree in Geoscience from Mississippi State University. During her almost 20 year National Weather Service career, Krissy has worked numerous significant high impact weather events including the recent March 2020 Nashville-Cookeville Tornadoes and the August 2021 Historic Waverly, TN Flooding.
